Sapori Di Napoli Pasta

Sapori Di Napoli produces fantastic old-world pasta just north of Naples using only the famous durum semolina wheat grown in Campania. For March we feature **Lumachine**, a cut reminiscent of a snail shell. Serve this pasta with a chunky sauce for a fine, cold weather supper.

Lumachine — 17.6 oz package

Bascobernais Ossau Iraty A.O.C., Pur Brebis

Ossau Iraty is produced in southwestern France, in the Northern Basque country, and has been recognized as an appellation d'origine controlée (AOC) since 1980. It is one of only two sheep's milk cheeses granted AOC status in France; the other one is Roquefort. Although the cheese received AOC status in the 80's, it is thought to be of ancient origin, traditionally made by the shepherds in the region. Ossau Iraty is a firm, rich, and complex cheese perfectly suited to stand alone as a cheese course.

Bascobernais Ossau Iraty — 10 lb wheel available in half wheel cuts
